

Announcement to the clients of FlowBank Ltd, in liquidation dated 24 July, 2024

Dear Madam, Dear Sir,

The liquidators of FlowBank Ltd. in liquidation would like to inform you that the processing of client securities transfers may take several weeks due to the sheer quantity of requests received, combined with the complexity of executing these manual transfers. We would like you to note that whether you have submitted your request in the FlowBank Client Area or by email, your request has been well noted and we will process your transfer with the shortest delay possible.

In addition, we draw your attention to the fact that you must have a deposit account opened with a new banking institution in order to have your securities transferred.

We thank you for your patience during this time.

For FlowBank Ltd. in liquidation,
Walder Wyss Ltd.
